Corporate Presentation

dianacapital

1. Brief introduction

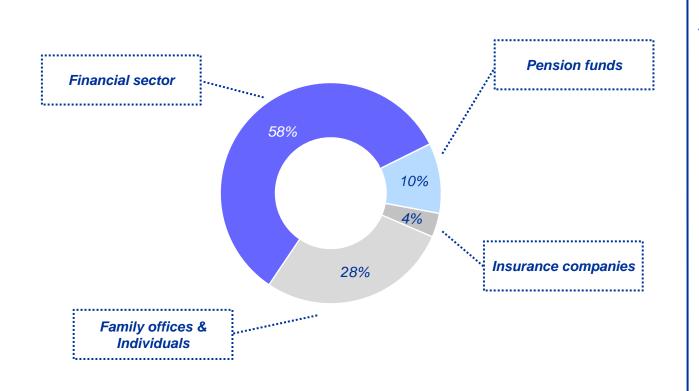

- Pioneer Spanish private equity funds manager, with over 16 years of experience in the industry
- Team comprising 9 professionals accumulating more than 80 years of track-record in private equity and principal investments
- Investment strategy focused exclusively on growth deals, supporting middle-market companies in their international expansion

(1) Includes co-investments

2. Strong support from LPs

- The largest local investor base: one of the best regionally connected firms in Spain with high potential of value generation on investees
- Strong support from institutional investors, both local and international: financial sector entities, pension fund managers, insurance companies
- Large base of individual investors with business and industry expertise

Geographic location of Diana Capital LPs

Diana Capital has the largest local investor base (25 Spanish LPs), which makes it one of the best regionally connected firms in Spain with high potential of investment deals generation

Francisco Martínez Iglesias	Secretary	22	Garrigues

4. Transparent and rigorous best practices

- Both the GP and the funds are supervised and regulated by the CNMV (Spanish Securities and Exchange Commission), with strong bias in favor of LPs
- Corporate governance scheme coordinated at three levels: management company, funds and portfolio companies enabling: (i) government information systems and (ii) strong safeguards to avoid conflicts of interest
- Outsourcing with global experienced firms
